

SUGGESTED GIVING GUIDE

The amount you choose to give is entirely your decision. You are encouraged to be as generous as you can afford. Your participation in the campaign is the most important factor rather than how much you give.

The Suggested Giving Guide can show how much 1% or 2% of your salary equals over the course of the pledge (calendar) year. This is simply a guide for various income levels, and is not to be regarded as a quota, assessment, or limit.

1% = less than five minutes a day of work
